

MATTHEW CASTILLO

Associate I

mcastillo@besgrp.com
713-581-3854

EXPERIENCE

Mr. Matthew Castillo joined BES in March of 2015. Previously, he was the Production Manager at Amtech Building Sciences (Amtech) from January 2014 through February 2015. While at Amtech, he managed all CAD production in the Houston office and assisted with roof observations. Prior to that, Mr. Castillo was a technician with Wiss, Janney, Elstner Associates, Inc. (WJE) from 2007 through December of 2013. While at WJE, he assisted staff with the preparation of construction documents for commercial and institutional buildings. Mr. Castillo has extensive AutoCAD knowledge ranging from Versions 14 to AutoCAD Architecture 14. He worked closely with senior staff to develop typical and specialty details for structural repairs, roofing, waterproofing, and glazing. In addition, he coordinated all reproduction work, managed client drawing submittals, and assisted with AutoCAD training. In addition, Mr. Castillo was also a CAD instructor at South Texas College teaching basic and intermediate AutoCAD along with other core curriculum classes.

REPRESENTATIVE PROJECTS

Construction Document Preparation

- The Marriott Renaissance Resort: Roofing and waterproofing repair drawings, Curacao, Netherlands Antilles*
- The Golden Nugget: Façade repair drawings, Las Vegas, Nevada*
- San Jacinto College: Roofing repair drawings, Pasadena, Texas*
- Marathon Oil Tower: Repair drawings, Houston, Texas*
- Leland Federal Building: Repair drawings, Houston, Texas*
- El Paso Building: Roofing and waterproofing repair drawings, Houston, Texas*
- Memorial Hermann Health System: Hermann Pavilion – Roof repair drawings, Houston, Texas

Field Observations

- MD Anderson Cancer Center, Texas Medical Center: As-Built and repair drawings and field observations, Houston, Texas*
- One Shell Plaza: Glazing repair drawings and field observations, Houston, Texas*
- Katy Mills Mall: As Built drawings and field observations, Katy, Texas*
- Memorial Hermann Health System, Hermann Pavilion: Field observations, Houston, Texas
- Casa Del Mar Condominiums: Field Observations, Galveston, Texas

Field Testing

- Williams Tower: Davit testing, Houston, Texas*
- MD Anderson Cancer Center John Mendelsohn Faculty Center, Texas Medical Center: Davit Testing, Houston, Texas*
- West Memorial Place Office Building: Davit Testing, Houston, Texas
- City Centre Lofts: ASTM E1105 Chamber testing, Houston, Texas
- Memorial Hermann Hospital, Katy Expansion: ASTM E1105 Chamber testing, Katy, Texas
- Archdiocese of Galveston-Houston, Retired Priests Residence: ASTM 1186 Air Leakage Testing and ASTM D 4551 Adhesion Testing of the air barrier, Houston, Texas
- Memorial Hermann Health System, South Katy Convenient Care Center: FM 1-52 Wind uplift testing, Katy, Texas

*Projects performed prior to joining the BES team

EDUCATION

South Texas College
Associate of Applied Science,
Computer Aided Drafting, 2005

Texas A&M Kingsville
Bachelors of Applied Arts and
Science, 2005

PRACTICE AREAS

Computer-Aided Drafting
Construction Documents
Preparation
Field Observations
