

Houston ISD Sterling Aviation High School Houston, TX

Client:
Klein Independent School
District
11625 Martindale Rd,
Houston, TX 77048

Sterling Aviation High School, constructed in 1965, consists of five main school buildings. The comprehensive high school is home to the Futures Academy of Logistics and Global Supply at Sterling. It also places a strong emphasis on its career pathway in aviation, which is offered through linked learning, an educational approach that combines rigorous academics with real-world experiences.

Date:
August 2017

Terracon was selected as the lead Commissioning Authority (CA) for the construction of a replacement three story, high school educational building. The building contains approximately 273,000-square feet of gross building area. The building is being constructed on a former site of a Houston Independent School District (HISD) high school. Terracon is providing Commissioning of the mechanical, electrical, and plumbing (MEP) systems including administrative and technical support to the project team and has developed commissioning documentation for the project. Systems commissioned include the central plant, mechanical systems, electrical systems, plumbing systems, and building automation control system.

Fees:
\$65,000

Highlights:
Commissioning
